

TNI Fellowship 2009

There are currently 23 members of TNI's prestigious international fellowship programme. A number of the fellows are directors or senior associates of other research and advocacy institutes. These include Focus on the Global South (Asia), the Institute for Popular Democracy (Philippines), Policy Alternatives for the Southern Cone (Brazil), the Alternative Information and Development Centre (South Africa), the Centre for Peace Studies (Spain), the Centre for Peace and Development Studies (Germany), the Centre for Globalisation Studies (Russia), the Institute for Policy Studies (USA) and the Centre for Critical Studies in Agrarian Change (Canada). As such, these institutes are solid partners in many of TNI's projects. Others are journalists (India, USA, Germany, UK, Spain, Philippines), while still others are academics or independent scholars. All are directly involved with social justice movements in their own countries and are committed to an internationalist perspective.

Fellows participate in the shaping of the overall programme of the institute, help connect TNI to networks in their own countries and regions, develop joint projects between TNI and their own institutes, offer media outlets to TNI, promote the institute and each other, assist with fundraising and represent the Institute internationally. They meet annually in Amsterdam.

TNI promotes and involves its fellows in its programmes and bigger networks wherever possible. TNI hosts a homepage for each fellow, where full biographical

and contact information may be found, as well as on-line reproductions of articles, speeches and interviews, and a bibliography of other works. Although TNI fellowships are honorary and are not paid, TNI has a modest fund, disbursed at the discretion of the Director, which is intended to support the work of fellows where necessary.

TNI fellows may be nominated through any existing fellow or staff member. Fellows are appointed by TNI's Board of Directors for a three-year term, with due attention paid to regional and gender balances. Fellowships are renewable depending on contributions to TNI over the past three years and ongoing relevance to the programme. Key criteria for appointments include expertise and networks relevant to TNI's current or future programme. Appointments are made only after the candidate has been a guest at an annual Fellows Meeting for two consecutive years. Invitations to Fellows Meetings are issued through the Director.
